ABOUT THE CLUB

The Classic Rover Club (NI) was formed in 1996 by members of the P6 ROC (NI), P4 DG (NI) and the RPS OC (NI) and was initially for owners of all Classic Rovers up to the end of SD1 production. At the end of the year 2000, membership was widened to include owners of any Rover Car. However, care has been taken to preserve the original objectives whilst allowing them to be appreciated on a wider basis.

The aims of the club are as follows:

- To further interest in the restoration, maintenance, and use of all Rover cars.
- To assist in the location of spares and technical help.
- To arrange meetings for members.
- To issue Newsletters and circulate information and entry forms for Classic Car Events and Shows.
- To promote displays of the different models of the Rover brand at motoring events and shows.
- To promote rallies for Rover Cars.

Our club meets on the second Monday of each month at 8.00pm. For details of venue, please see our website or contact the secretary at the address opposite. There is no meeting in July or when the second Monday falls on a Public Holiday.

We issue a Newsletter regularly, which keeps all members up to date with club news, information on events, parts and services as well as cars and parts for sale.

Due to the 'age restriction' rules of the Association, Local Authorities and many other clubs, owners of Rover Cars which are less than 20 years old may find the number of events in which they can take part in restricted. However, there is no age restriction for Rovers at our own Club Events.

We are also affiliated to the Federation of British Historic Vehicle Clubs
